

# GOTHENBURG CONNECTS

## GÖTEBORG LANDVETTER AIRPORT

Göteborg Landvetter Airport is an international airport with approximately 85 direct connections/70 destinations from around the world. Nine major hubs also enable great connectivity with the rest of the world. The long-range ambition is to broaden operations in order to become a centre for travel throughout the region, where supplementary modes of transport unite at the airport.

30 regular airlines and 10 charter airlines operate the airport. In total, nearly seven million travellers pass through the airport annually, with more than 75 per cent travelling on international flights.

Göteborg Landvetter Airport is "Airport Carbon Certified" at the highest level.
